Present: Mr. Dunn, Vice Chair, Mr. Curro, Jr., Mr. Leonard, Mr. Chaput and Mr. Whittle.

1. Discussion: Warrant Article 15, Bylaw Amendment/Selectmen Regulatory Authority of Utility Poles
Daniel J. Dunn, Vice Chair, Selectman
Joseph A. Curro, Jr., Selectman

The debate about poles and resulting actions from 14 years ago were discussed. It was agreed that Mr. Hurd, a former selectman, should be consulted.

Mr. Curro proposed a policy of "formalized leverage" where a committee is created to monitor the poles, that committee communicates with the Selectmen periodically, and the Selectmen use that report to work with utilities to get improvements. Committee agreed to recommend the policy to the full board.
